

Application Number: 10/005,612

Docket Number: 10012888-1

REMARKS

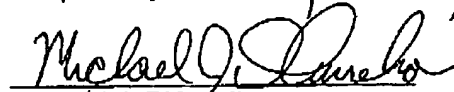

Upon entry of this Response, claims 1-2, 4-11, 13-14, and 16-21 remain pending in the present patent application. Applicant presents an amendment herein to ensure language in the specification properly accords with the preambles of claims 18 and 21.

In addition, please note that the title of the present patent application was amended in the Response to the First Office Action filed in this case on March 15, 2005. The new title as amended is: "SYSTEM AND METHOD FOR A SIMPLIFIED DIGITAL CAMERA INTERFACE FOR VIEWING IMAGES AND CONTROLLING CAMERA OPERATION". It was noted that the title indicated on the "Notice of Allowance and Fee(s) Due" was incorrect. Applicant requests that the title be corrected accordingly.

CONCLUSION

Applicant asserts that the present application is ready to proceed to issue. If the Examiner has any questions or comments regarding this Amendment, the Examiner is encouraged to telephone the undersigned counsel of Applicant.

Respectfully submitted,

Michael J. D'Aurelio
